

The Black History Museum and Cultural Center (BHMCC)
Membership Campaign
“The Black History Museum: Yours to Discover”

January 1, 2011

Dear Friends,

We are currently involved in a membership campaign, *The Black History Museum: Yours to Discover*. This campaign will broaden our audience and give us the opportunity to serve a larger community of museum visitors. In addition, increased support will strengthen future programming and other critical activities. *You have the opportunity to help shape the future of your museum!*

We invite you to join our 150-day membership initiative. Our goal is to enroll 1000 individual members, 500 dual/family members, and 20 organizations. You may want to appoint a “champion” to spearhead the membership initiative and set your own targets. We are eager to assist you and will have campaign materials available for your use. A museum representative may be available to come to speak at your place of worship or attend a meeting of your organization to highlight the museum’s efforts.

Please complete the attached form to indicate your willingness to participate in this community membership campaign and indicate the assistance or resources required. If you have questions about the museum, please contact Dr. Maureen Elgersman Lee, Executive Director, at 804-780-9093. The form may be emailed to Mary Lauderdale, Museum Manager, at mclauderdale.bhm@gmail.com or faxed to the museum at (804) 780-9107.

Yours Sincerely,

Stacy Burrs
